To Whom It May Concern,

The Fraternal of Eagles would like to formally request permission to construct an additional dispensing room (i.e. bar area) within our hall area. The dispensing room we are proposing would be a 14' X 17' area within our hall. The new room will be adjoined to our current bar area. I consulted with Tom Montoya and Jason Allen with the Wyoming Liquor Division to come up with a proposed plan that will abide by the State of Wyoming Statute that regulates dispensing areas. Attached are photos of another Non-Profit club that added a dispensing room within their hall. Additionally I have attached a photo with a mockup of the proposed room as well as a rough floor plan of the proposed location.

We host many member events as well as numerous fundraisers benefitting many local and national charities. During many of these events our primary dispensing room becomes very congested. By adding an additional dispensing room it would help alleviate the congestion in our current bar area as well provide a much safer environment in case of emergency.

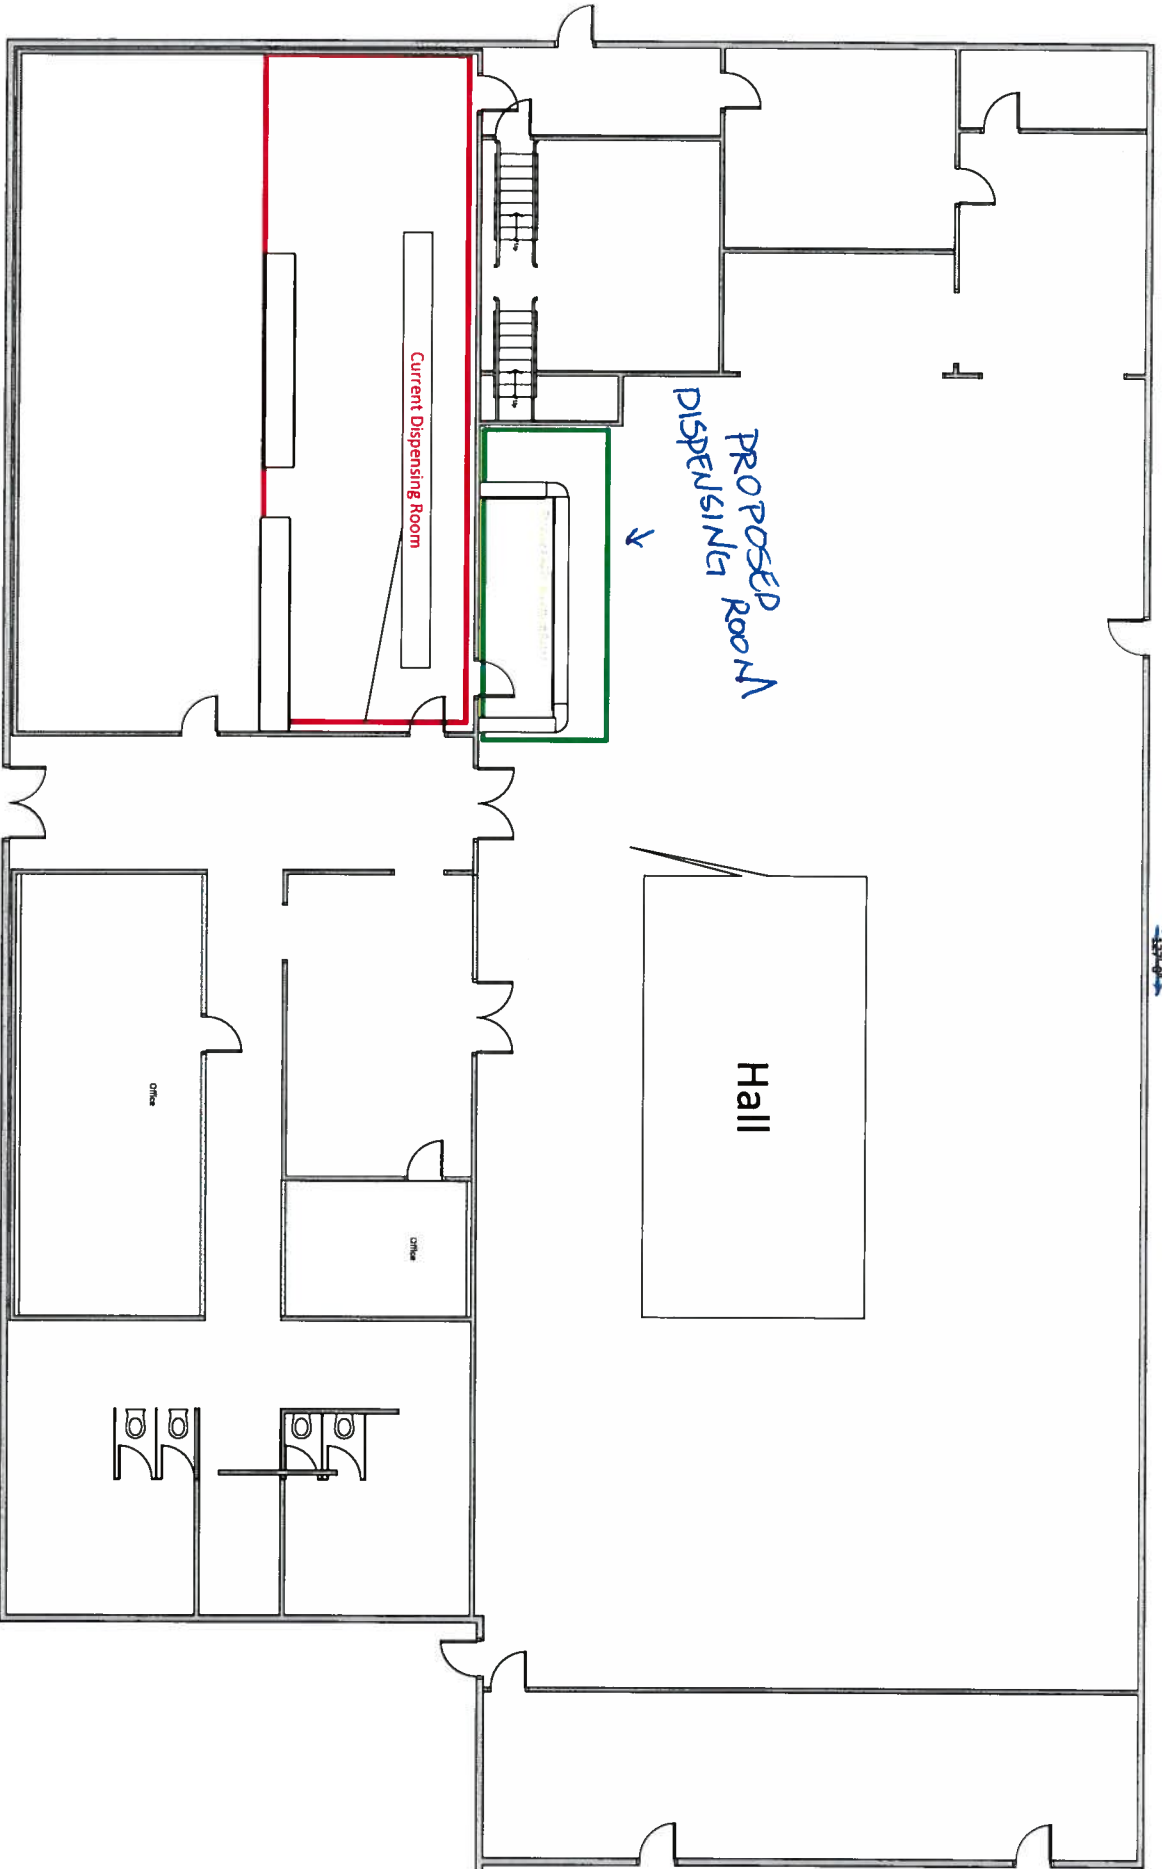

I would like to thank you for your time and consideration. If you have any questions please feel free to contact me.

Regards,

Joe Lucero
