

MEMO

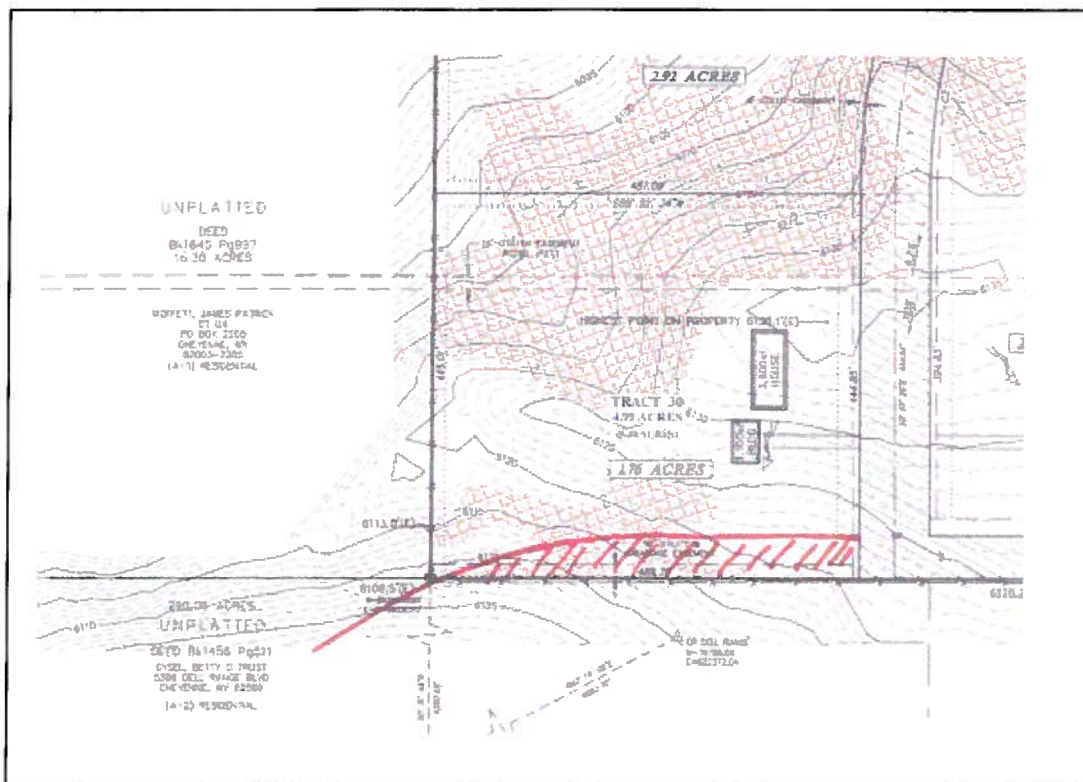

TO: Brandon Cammarata, City of Cheyenne Development Director
 Dan Cooley, Laramie County Development Director

FROM: Tom Mason, MPO Director *TM*

SUBJECT: Woods Landing Estates

DATE: April 19, 2016

The Cheyenne Metropolitan Planning Organization began meeting with City & County Planning and County Public Works personnel the end of December, 2015 to discuss Woods Landing Estates and the preservation of future classified roads and rights of way of the Long Range Transportation Plan network (specifically the Storey/Summit alignment). With this development action, the MPO requests a condition on this plat for right of way to be dedicated for the future Storey/Summit: The southwestern parcel of this plat shall have fifty feet of east west right of way beginning from the intersection of Storey and Robert Parker Trail and then gradually taper to 0 rights of way at the southwestern corner of the parcel and plat. This would create a sliver of right of way that would allow the future Storey/Summit to swing southward around a natural hillside, to meet up with the full right of way of future Storey/Summit beyond this plat to the west.
