INTRODUCTION

Federal Transit Administration (FTA) requires that all direct and primary recipients document their compliance with USDOT's Title VI regulations by submitting a Title VI Program to their FTA regional civil rights officer once every three years or as otherwise directed by FTA.

The City of Cheyenne, Wyoming (the City), is the designated recipient of FTA funds on behalf of the Cheyenne Transit Program (CTP). The Cheyenne Metropolitan Planning Organization (MPO) is the designated Title VI officer for the CTP.

To fulfill the general reporting requirements of Title VI, the CTP has developed a Title VI program to ensure supported transit services and related benefits are distributed by applicants, recipients, and sub-recipients of FTA assistance in a manner consistent with Title VI.

PROVISION OF TITLE VI ASSURANCES

In accordance with 49 CFR Section 21.7(a), every application for financial assistance from FTA must be accompanied by an assurance that the applicant will carry out the program in compliance with DOT's Title VI regulations. The CTP Certification and Assurance is Attachment "A".

TITLE VI NOTICE

1. The Title VI Notice is Attachment "B".
2. The locations where the Title VI Notice is posted are: at the CTP Administration Office, 322 W. Lincolnway; in the window next to the bus transfer area on W. 17th Street; printed on the route schedules located in numerous places throughout the community, posted in the City of Cheyenne Human Resources Office, 2101 O'Neil Ave. Room 103, and also accessible from the City of Cheyenne/Transit web page: <http://www.cheyennecity.org/index.aspx?nid=252>

TITLE VI COMPLAINT PROCEDURE

1. Any person who believes that he or she, individually, or as a member of any specific class of persons, has been subjected to discrimination on the basis of race, color, or national origin, or any other characteristic protected by law, may file a written complaint with the CTP or the MPO.
2. Resolution of a complaint at the lowest level is encouraged. In those cases where the complainant is dissatisfied with the resolution by the CTP, the MPO or the City, the same complaint may be submitted to the Federal Transit Administration (FTA) or the Secretary, U.S. Department of Transportation (USDOT), for investigation. A complaint must be filed within 180 days after the date of the alleged discrimination,

unless the time for filing is extended by the Secretary, USDOT. Unless otherwise permitted, the final determination of all Title VI complaints affecting programs administered by FTA will be made by the Office of the Secretary, USDOT.

3. To file a complaint of discrimination, complainants may submit written complaints to:

Director of Cheyenne Transit Program		Director of Cheyenne MPO
322 W. Lincolnway	or to:	2101 O'Neil Avenue Room 205
Cheyenne, WY 82001		Cheyenne, WY 82001

4. In cases where the complainant is unable or incapable of providing a written statement, but wishes the CTP or MPO to investigate alleged discrimination, a verbal complaint of discrimination may be made to the Director of the MPO, or his designated representative. The complainant will be interviewed by the individual authorized to receive civil rights complaints. If necessary, the Director of the MPO, or his designated representative, shall assist the person in converting verbal complaints to writing. All complaints must, however, be signed by the complainant or his/her representative.
5. The first point of contact is usually the Transit Director, or Assistant Director but dispatch is instructed to direct all persons with complaints to either Director. One of the Directors will contact the complainant and see if the matter can be resolved to mutual satisfaction. The procedures for filing a complaint are: Complaints are recorded on a customer complaint form and copies forwarded to all involved and concerned parties. Parties included, but not limited to: the CTP driver or other employee, the Transit Director, the MPO Director, the Public Works Director, the City Attorney, and the Mayor. The complaints that are related to Title VI will be addressed in a timely manner.
6. The CTP office has been keeping records of the complaints, actions and correspondence to all parties and will continue to provide copies to the MPO office and Public Works department if requested. A copy of the complaint form is attachment "C".
7. All complaints must be in writing and signed by the complainant or his/her representative before action can be taken. Complaints shall state, as fully as possible, the facts and circumstances surrounding the alleged discrimination.
8. The Cheyenne MPO Director, or his/her designated representative, will provide the complainant or his/her representative with a written acknowledgment that it has received the complaint within 10 working days. Concurrently, the City will transmit the complaint to the City Attorney and/or Director of Human Resources, to determine if the complaint has investigative merit.
9. Determination of jurisdiction and investigative merit.
The Director of CTP, Public Works Director and/or the Director of Cheyenne MPO,

based on the information in the complaint and additional information provided by the City Attorney's office, will determine if the City has jurisdiction to pursue this matter and whether the complaint has sufficient merit to warrant an investigation. These determinations will be made within 15 working days after the receipt of the complaint. A complaint shall be regarded as meriting investigation unless:

- a. It clearly appears on its face to have no investigative merit;
- b. Within the same time allotted for making the determination of investigative merit, the party complained against voluntarily concedes noncompliance and agrees to take appropriate remedial action; or
- c. Within the same time allotted for making the determination of jurisdiction and investigative merit, the complainant withdraws the complaint.

10. Requests for additional information from complainant.

In the event the complainant has not submitted sufficient information to make a determination of jurisdiction or investigative merit, the Director of Cheyenne MPO, or his/her designated representative, may request additional information. This request shall be made within 15 working days of the receipt of the complaint by the Director of Cheyenne MPO and will require that the party submit the information within 60 days from the date of the original request. Failure of the complainant to submit additional information within the designated time frame may be considered good cause for a determination of no investigative merit.

11. Notification of disposition.

The Director of Cheyenne MPO will notify the complainant and party charged of the disposition of the complaint, within 5 working days, by certified mail with return receipt requested.

- a. In the event of a decision not to investigate the complaint, the notification shall specifically state the reason for the decision.
- b. If the complaint is to be investigated, the notification shall state the grounds of City jurisdiction, inform the parties that an investigation will take place, and request any additional information needed to assist the investigator in preparing for the investigation.

12. Referral to other agencies.

When the City lacks jurisdiction, the Director of Cheyenne MPO, or his/her designated representative, will refer the complaint to the appropriate State agency or the FTA Region VIII Director of Civil Rights, informing the parties of the action.

13. Complaint investigation.

- a. City Investigation. The Director of Cheyenne MPO may elect to conduct his/her own investigation of the complaint with the assistance of the City Attorneys office. The investigation may be conducted by a review of written records, or an on-site investigation. When the City lacks jurisdiction, the complaint will be forwarded to the FTA Region VIII Director of Civil Rights informing the complainant of this action.
- b. Referral of the Complaint to FTA. Cases determined by the FTA Region VIII Director of Civil Rights to have investigative merit may be sent back to the City to conduct an on-site investigation or may be recommended for a comprehensive Title VI review of the respondent.
- c. Priority Complaints. All incoming complaints shall be examined to determine if the discrimination alleged would be irremediable if not dealt with promptly. If such a determination is made, the complaint shall be given priority status.
- d. Investigator's Preparation. Before beginning the investigation, the individual assigned to investigate the allegation will send a letter of introduction, establishing the time and dates for the on-site investigation and interviews. This preparation shall be completed within 15 working days after the assignment has been given to the investigator, contingent upon the investigator's workload and resources.
- e. Investigative Report. A written report will be prepared by the responsible investigator at the conclusion of the investigation. This report will be reviewed by the Public Works Director or the FTA Region VIII Director of Civil Rights, for thoroughness. The investigative report will include the following:
 - i. Summary of the complaint, including a statement of the issues raised by the complainant and the respondent's reply to each of the allegations;
 - ii. Citations of relevant Federal, State, and Local laws, rules, regulations, and guidelines, etc.;
 - iii. Description of the investigation, including a list of the persons contacted by the investigator and a summary of the interviews conducted; and
 - iv. A statement of the investigator's findings and recommendations.

14. Disposition of complaints.

- a. Approval and Notice of Disposition. The Director of the MPO or the FTA Region VIII Director of Civil Rights will approve or disapprove the findings and recommendations made by the investigator in the investigative report. The consequent disposition of the complaint will be communicated to the

complainant and respondent by letter with return receipt requested. In addition, a rationale supporting the disposition made and any recommendations to any party will be included in the letter.

- b. Final disposition. If the Notice of Disposition is issued and finds the respondent in noncompliance, the respondent is required to initiate voluntary remedial actions agreeable to the Director of the MPO or FTA Region VIII Director of Civil Rights.
- c. Enforcement procedures. In cases in which all required means of remedial action have failed to bring the respondent into compliance, enforcement procedures will be initiated by the FTA Region VIII Director of Civil Rights.
- d. Request for reconsideration. The respondent may request reconsideration of the findings within 30 days of the Notice of Disposition. This request should include any additional information or analysis the respondent considers relevant. The Director of the MPO or FTA Region VIII Director of Civil Rights will inform the respondent of its decision to accept or reject the request within 30 days after its receipt. In cases in which a request for reconsideration is approved, the responsible investigator will reopen the investigation and proceed to process the complaint in the same manner described above.

COMPLAINT FORM

- 1. The CTP complaint form is attachment “C”.

HISTORY OF TITLE VI COMPLAINTS

- 1. From 2013-2016 there have been no lawsuits filed.
- 2. CTP has not received any Title VI complaints in the last three years.

CHEYENNE TRANSIT PROGRAM - PUBLIC PARTICIPATION PLAN

June 2016

Citizen participation at the basic level affirms the rights of the community to be informed and to provide comments to and receive responses back from the local government. It also provides a platform to express needs and meet goals for civic involvement. To be certain of inclusive public participation, an important goal is to integrate the considerations and viewpoints of minorities those who are limited English proficiency (LEP) as well as, persons with disabilities and low-income and in the course of conducting public outreach and involvement activities.

An important component of a Public Participation Plan for a transit program includes identification of strategies and procedures that involve outreach to engage minorities and limited English proficient populations and determine the social, economic and environmental impacts of current and proposed transit operations and services. The U.S. Census Bureau American Fact Finder website produces 2010 – 2014 American Community Survey 5-Year Estimates for the Cheyenne metro area. They are; **MEANS OF TRANSPORTATION TO WORK BY LANGUAGE SPOKEN AT HOME AND ABILITY TO SPEAK ENGLISH** Universe: **Workers 16 years and over** and **MEANS OF TRANSPORTATION TO WORK BY SELECTED CHARACTERISTICS FOR WORKPLACE GEOGRAPHY**. The two tables are included in Attachment “**D**”.

1. Input opportunities:

- a. Notices regarding necessary and required CTP public involvement meetings are posted on the buses and at the transfer station as well as, the City website at least 14 days prior to the meeting.
- b. Meetings are held during times that transit service is available between 6AM and 7PM.
- c. The Transit Advisory Board (TAB) is always an important resource of citizen feedback for the Cheyenne Transit Program. Several citizen representatives on the Transit Board also serve local Human Service Agencies. (listed in number “d” below) These Board members are appointed by the Mayor and approved by City Council. The TAB list is Attachment “**E**”.
- d. CTP Administration meets regularly to discuss customer service related issues and receive feedback from other transit staff and drivers, Senior Citizen Groups, and disadvantaged and disabled Human Services Agencies such as the Department of Family Services and the Wyoming Independent Living Rehabilitation (WILR). Cheyenne Transit also frequently contacts the agencies who serve those individuals who use transit the most and provide us with valuable feedback. The list is Attachment “**F**”.

2. Comprehensive Outreach Strategies:

- a. Transit staff keeps routes schedules/maps on all buses, at the Transit Office, City of Cheyenne Municipal Building, City County Health Department, Department of

Veterans Affairs, Goodwill, Salvation Army, Cheyenne Health & Wellness Center, Frontier Mall, Grocery Stores, Laramie County Library, and the Cheyenne Visitors Kiosk at the Historic Depot.

- b. The transit shelters have raised public awareness of the Cheyenne Transit Program. All bus shelters, paid for by the American Recovery and Reinvestment Act of 2009 program, have inserts where the route map and schedule is placed and therefore can be viewed by passers-by.
- c. Public Meeting Notices contain language stating that those who need ADA assistance or interpretive services should call the main transit number provided. Spanish speakers are notified in Spanish to call the number provided and someone will assist them to translate.
- d. CTP regularly publishes an advertisement to inform students and parents of the availability of the program in the Public Schools Chronicle, a quarterly publication for Laramie County School District #1, which is distributed by mail to all residents within the school district boundary. A local newspaper Traders Shoppers Guide also publishes CTP ads.

3. Targeted Outreach Strategies:

- a. Outreach to persons with disabilities and the low-income is primarily achieved by getting CTP route and schedule maps to the programs that serve those folks such as Need's Inc., 900 Central Ave.
- b. The Cheyenne Transit Program has combined privately donated funds along with funds from a CDBG grant when available, to provide free bus tokens to individuals with proof of low and moderate income and resident status.
- c. Cheyenne Transit Program with the assistance of MPO staff has produced maps of the Cheyenne metropolitan area that evaluate if the Cheyenne Transit Program routes adequately reach concentrations of low-income and minority populations as represented by US Census 2010 and ACS 2011-2014 tracts and block group data. The maps can be found in Attachment "G".
- d. Posting of meeting notices are published in the Cheyenne daily newspaper, the Wyoming Tribune Eagle. Meeting notices are posted as well as route map/ schedules at Laundromats – Laundry Basket at 1412 Albany, Dirty Duds on S. Greeley Highway, and Easy Way at Lincolnway and Snyder.
- e. More targeted efforts for outreach can be found in the Language Assistance Plan.

4. Summary of Strategies for Outreach and Input since the Last Title VI submittal:

- a. A Public Open House regarding route changes and stop changes from the 2012 TDP was held on January 15, 2016. Public Input was received until January 22nd. The meeting was advertised in the local paper Wyoming Tribune Eagle on December 27, 2015 and January 10, 2016. Flyers were posted on the buses and at the transfer station and Transit Office.
- b. Transit route maps and schedules printed in both English and Spanish were provided for the public at the Multicultural Heath Fair on April 17, 2016.

INTRODUCTION

The purpose of this limited English proficiency policy guidance is to clarify the responsibilities of recipients of federal financial assistance from the U.S. Department of Transportation (USDOT) and assist them in fulfilling their responsibilities to limited English proficient (LEP) persons, pursuant to Title VI of the Civil Rights Act of 1964 and implementing regulations. It was prepared in accordance with Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d, et seq., and its implementing regulations provide that no person shall be subjected to discrimination on the basis of race, color, or national origin under any program or activity that receives federal financial assistance.

EXECUTIVE ORDER 13166

Executive Order 13166 "Improving Access to Services for Persons With Limited English Proficiency," reprinted at 65 FR 50121 (August 16, 2000), directs each Federal agency that is subject to the requirements of Title VI to publish guidance for its respective recipients clarifying that obligation. Executive Order 13166 further directs that all such guidance documents be consistent with the compliance standards and framework detailed in the Department of Justice's (DOJ's) Policy Guidance entitled "Enforcement of Title VI of the Civil Rights Act of 1964- National Origin Discrimination Against Persons With Limited English Proficiency." (See 65 FR 50123, August 16, 2000 DOJ's General LEP Guidance). Different treatment based upon a person's inability to speak, read, write, or understand English may be a type of national origin discrimination.

Executive Order 13166 applies to all federal agencies and all programs and operations of entities that receive funding from the federal government, including state agencies, local agencies, Metropolitan Planning Organizations (MPOs), governments, private and non-profit entities, and subrecipients.

PLAN SUMMARY

The Cheyenne Transit Program (CTP) has developed this Limited English Proficiency Plan (LEP) to help identify reasonable steps to provide language assistance for LEP persons seeking meaningful access to transportation services as required by Executive Order 13166. A Limited English Proficiency person is one who does not speak English as their primary language and who has a limited ability to read, speak, write, or understand English.

This plan details procedures on how to identify a person who may need language assistance, the ways in which assistance may be provided, training staff, how to notify LEP persons that assistance is available, and information for future plan updates. In developing the plan CTP undertook a U.S. Department of Transportation four factor LEP analysis which considers the following:

FOUR FACTOR ANALYSES

1. The number or proportion of LEP persons eligible to be served or likely to be encountered by Cheyenne Transit Program.

According to the 2010 Census the Cheyenne Metropolitan Statistical Areas population is 14.5% Hispanic, which is the largest minority population. According to the 2010-2014 ACS 5-Year Estimate from US Census for Laramie County, of the total Hispanic population (11,627) only 2.1% has Limited English Proficiency. See Attachment “H”.

2. The frequency with which LEP individuals are exposed to the CTP services.

The 6 transit routes cover approximately 80-85 percent of the urbanized area. Using federal funding through ARRA, CTP created accessible paths to the nearest corner, placed concrete standing/lift pads at the boarding areas and installed 59 shelters on 62 sites. Currently one third of CTP boarding areas have recognizable bus shelters and all boarding areas are delineated by two CTP signs on either end. Route and schedule maps in both Spanish and English are affixed inside the panels of each shelter with a notice of a number to call for non-English speaking individuals. Transit maps can be found at most public places and almost all human service agencies counters or brochure racks.

The frequency that LEP persons contact the transit dispatch or enter the CTP office to purchase passes is undocumented.

3. The impact of the CTP to members of the Cheyenne community.

The CTP system is designed to serve persons who do not have driver licenses, seniors, the disabled and low income individuals. If LEP individuals are included in one of these categories, then public transit is very important to them. Most human services agencies are aware of the Cheyenne Transit program and can provide information to their clients in need of transportation. List is Attachment “F”.

4. The resources available to CTP for LEP outreach, as well as the costs associated with that outreach.

- a. The US Census American Fact finder website is the primary source of identifying the location of LEP populations within the Cheyenne area. The State Department of Education, the local school district and the Department of Family Services are additional sources of LEP data. The ACS 2010-2014 five year estimate for LEP for the Asian population and the proximity of those individuals to transit is shown in Attachment “I”.
- b. The FTA and FHWA planning funds are the source for 90.49% of the CTP planning budget. Conducting LEP research and outreach is done in-house by planning staff.

- c. Many LEP individuals may use their own vehicles or bicycles to get to and from work because it can be more convenient to them than the transit system because of Cheyenne's compact size.

After analyzing the four factors, CTP has developed a LEP Plan outlined in the following section for assisting persons of limited English proficiency.

LIMITED ENGLISH PROFICIENCY PLAN

1. **How to Identify an LEP Person who Needs Language Assistance** - Below are tools to help identify persons who may need language assistance:
 - a. Examine records requests for language assistance from past meetings and events to anticipate the possible need for assistance at upcoming meetings;
 - b. When CTP-sponsored workshops or conferences are held, post on the public notices the contact information for people with special needs;
 - c. Have the Census Bureau's "I Speak Cards" be made available (see attachment "J") when needed and have the cards available at the CTP office; and
 - d. Frequently survey first line staff of any direct or indirect contact with LEP individuals.
2. **Language Assistance Measures** - CTP has or will implement the following LEP procedures. The creation of these steps is based on the very low percentage of persons who are LEP in the Cheyenne metropolitan area:
 - a. The CTP website has installed a translation application.
 - b. When the CTP hosts public meetings or conferences and a special need is identified in advance, every effort will be made to have a translator available at the meeting.
 - c. Census Bureau's "I Speak Cards" are to be located at the CTP office at all times.
 - d. When an interpreter is needed, in person or on the telephone, an available bilingual CTP or close proximity staff member will attempt to assist. If a bilingual staff member is not available, staff will first attempt to determine what language is required. A telephone interpreter service is available at a reasonable charge online at Language Line Services - <http://www.language.com>. If CTP finds in the future the necessity for this service is necessary, then the City may sign up for Language Line Services. On the Language Line home page, the staff will select the "Need an Interpreter Now" link and follow the directions to receive an access code.
3. **Staff Training** - All CTP staff will be provided with the LEP Plan and will be educated on procedures to follow. Training topics are listed below:
 - a. Understanding the Title VI policy and LEP responsibilities;

- b. What language assistance services the Cheyenne Transit Program offers;
- c. Use of LEP "I Speak Cards";
- d. If and when applicable, how to use the Language Line interpretation and translation services;
- e. Documentation of language assistance requests;
- f. How to handle a Title VI or LEP complaint (pages 4 of this document).

4. **Outreach Techniques –**

- a. The availability of translated documents for any non-English proficient person eligible to be served or likely affected by the Cheyenne Transit program is the primary outreach technique. All documents will be available on the CTP website and with the use of the translator application; they can be converted to any language. These written documents include an ADA complementary paratransit eligibility application, a Title VI complaint form, notice of a person's rights under Title VI, notices of denials and other documents that provide access to essential services.
 - b. A summary of outreach techniques CTP has taken to ensure meaningful access for LEP individuals is outlined below:
 - i. The CTP website has language translation application for persons needing Spanish or other language translation.
 - ii. Public service spots on Spanish radio stations 94.7 FM La Jota. Interviews on KGAB or KFBC talk radio are used to highlight public input opportunities.
 - iii. Groceries that cater to ethnic populations; Ayutla grocery– 804 Central Ave., Golden Dragon grocery– 1605 Seymour Ave., Espica Dorado bakery – 200 E. 18th St.
 - iv. Spanish route map/schedules are provided alongside the English versions where distributed regularly if requested. Attachment “K”
 - v. All notices at the transfer station, on busses and bus shelters are posted in both English and Spanish.
 - vi. When running a general public meeting notice, staff will insert the clause, based on the LEP population and when relevant, that translates into "A (insert language) translator will be available". For example: "*Un traductor del idioma espanol estara disponible.*" This means "*A Spanish translator will be available*".
5. Monitoring and Updating the LEP Plan - This plan is designed to be flexible and is one that can be easily updated. At a minimum, CTP will follow the Title VI Program update schedule for the LEP Plan. However, major updates most likely will not occur until the

2020 Census data is released, unless CTP finds it necessary and crucial for an update before such time. Each update should examine all plan components such as:

- a. How many LEP persons were encountered?
 - b. Were their needs met?
 - c. What is the current LEP population in Cheyenne metropolitan area?
 - d. Has there been a change in the types of languages where translation services are needed?
 - e. Have CTPs available resources, such as technology, staff, and financial costs changed?
 - f. Has CTP fulfilled the goals of the LEP Plan?
 - g. Were any complaints received?
6. Dissemination of the CTP Language Proficiency Plan – Cheyenne Transit Program includes the LEP Plan with its Title IV Policy and Complaint Procedures. The Cheyenne Transit “Notice of Rights under Title VI to the public is posted in the Transit office.

Any person, including social service, non-profit, and law enforcement agencies and other community partners will be able to access the plan.

Copies of the LEP Plan will be provided, on request, to any person(s) requesting the document via phone, in person, by mail or email. LEP persons may obtain copies/translations of the plan upon request.

Any questions or comments regarding this plan should be directed to the Cheyenne Transit Title VI officer.

MINORITY REPRESENTATION ON PLANNING AND ADVISORY BODIES

The Transit Advisory Board (TAB) is comprised of transit users and agencies that serve community members who may use transit in greater frequencies than the general populace. Members are recommended by the Transit Director or current Board members and are recommended from either, citizens that have shown an interest in the local transit program and are willing to serve on the Board, or applications that the Board has received previously. The TAB members are appointed by the Mayor and approved by the City Council. The appointments are for a 2 year term with an option to be reappointed. Since the metropolitan areas minority population is fairly represented already on the Transit Advisory Board at this time, CTP has no formal process to encourage the participation of minorities.

CHEYENNE CITY COUNCIL RESOLUTION OF APPROVAL OF THE TITLE VI PROGRAM FOR THE CHEYENNE TRANSIT PROGRAM

The City Council of Cheyenne has a three meeting process to approve contracts, ordinances, resolutions, etc. The Title VI program for the Cheyenne Transit Program for the City of Cheyenne will be sent to Council for first reading on May 9th, the second reading will be at the Finance Committee on May 16 at 12:00 PM, and the resolution will be approved on May 23, 2016. The resolution is Attachment “L”.

REQUIREMENTS AND GUIDELINES FOR FIXED ROUTE TRANSIT PROVIDERS

The Cheyenne Transit Program does not operate 50 or more fixed route vehicles in peak service and is not located in an urbanized area of 200,000 or more people. Therefore CTP is only required to submit as part of their Title VI program the following:

Service Standards

1. Vehicle Load Standards

Vehicle Type	# of Busses	Average Passenger Capacities			
		Seated	Standing	Total	Maximum Load Factor
19' Small Bus	1	14	5	19	1.4
23' Small Bus	8	12	12	24	2.0
24' Low Floor Bus	1	14	11	25	1.8
26' Bus	4	20	15	35	1.8
28' Bus	5	22	17	39	1.8
33' Bus	2	24	19	43	1.8

2. Vehicle Headway Standards

Six routes operate on hourly headways, between 6:00am to 7:00pm, Monday through Friday and 10:00am to 5:00pm Saturdays. No service is provided on Sunday. A study was completed and found that we do not have distinguishable peak periods; all hours are fairly comparable.

3. On Time Performance Standards

Ninety-five percent (95%) of the Cheyenne Transit Program's vehicles will complete their established runs no more than 5 minutes early or late in comparison to the established schedule/published timetables.

4. Service Availability Standards

Cheyenne Transit will provide transit service to at least 85% of those destinations most frequently traveled to by riders and those locations will have a bus stop within 1/4 mile.

Service Policies

1. Vehicle Assignment Policy

The bus assignment policy will take into account the operating characteristics of buses of various lengths, which are matched to the operating characteristics of the route. Routes with lower ridership may be assigned a smaller bus, if necessary and conversely, the routes that have higher ridership will be assigned the largest busses.

2. Transit Amenities Policy

Installation of transit amenities along bus routes are based on the number of passenger boardings at stops along those routes.

FTA FISCAL YEAR 2016 CERTIFICATIONS AND ASSURANCES

FEDERAL FISCAL YEAR 2016 FTA CERTIFICATIONS AND ASSURANCES SIGNATURE PAGE
(Required of all Applicants for federal assistance to be awarded by FTA and all FTA Grantees with an active Capital or Formula Award)

AFFIRMATION OF APPLICANT

Name of the Applicant: City of Cheyenne

Name and Relationship of the Authorized Representative: Richard L. Kaysen, Mayor

BY SIGNING BELOW, on behalf of the Applicant, I declare that it has duly authorized me to make these Certifications and Assurances and bind its compliance. Thus, it agrees to comply with all federal laws, regulations, and requirements, follow applicable federal guidance, and comply with the Certifications and Assurances as indicated on the foregoing page applicable to each application its Authorized Representative makes to the Federal Transit Administration (FTA) in federal fiscal year 2016, irrespective of whether the individual that acted on his or her Applicant's behalf continues to represent it.

FTA intends that the Certifications and Assurances the Applicant selects on the other side of this document should apply to each Award for which it now seeks, or may later seek federal assistance to be awarded by FTA during federal fiscal year 2016.

The Applicant affirms the truthfulness and accuracy of the Certifications and Assurances it has selected in the statements submitted with this document and any other submission made to FTA, and acknowledges that the Program Fraud Civil Remedies Act of 1986, 31 U.S.C. § 3801 *et seq.*, and implementing U.S. DOT regulations, "Program Fraud Civil Remedies," 49 CFR part 31, apply to any certification, assurance or submission made to FTA. The criminal provisions of 18 U.S.C. § 1001 apply to any certification, assurance, or submission made in connection with a federal public transportation program authorized by 49 U.S.C. chapter 53 or any other statute.

In signing this document, I declare under penalties of perjury that the foregoing Certifications and Assurances, and any other statements made by me on behalf of the Applicant are true and accurate.

Signature: [Signature] Date: 3/3/16
Name: Richard L. Kaysen
Authorized Representative of Applicant

AFFIRMATION OF APPLICANT'S ATTORNEY

For (Name of Applicant): City of Cheyenne

As the undersigned Attorney for the above named Applicant, I hereby affirm to the Applicant that it has authority under state, local, or tribal government law, as applicable, to make and comply with the Certifications and Assurances as indicated on the foregoing pages. I further affirm that, in my opinion, the Certifications and Assurances have been legally made and constitute legal and binding obligations on it.

I further affirm that, to the best of my knowledge, there is no legislation or litigation pending or imminent that might adversely affect the validity of these Certifications and Assurances, or of the performance of its FTA assisted Award.

Signature: [Signature] Date: 3/03/2016
Name: Daniel E. White
Attorney for Applicant

Each Applicant for federal assistance to be awarded by FTA and each FTA Recipient with an active Capital or Formula Project or Award must provide an Affirmation of Applicant's Attorney pertaining to the Applicant's legal capacity. The Applicant may enter its electronic signature in lieu of the Attorney's signature within FTA's electronic award and management system, provided the Applicant has on file and uploaded to FTA's electronic award and management system this hard-copy Affirmation, signed by the attorney and dated this federal fiscal year.

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see Accuracy of the Data). The effect of nonsampling error is not represented in these tables.

Methodological changes to data collection in 2013 may have affected language data for 2013. Users should be aware of these changes when using multi-year data containing data from 2013.

Workers include members of the Armed Forces and civilians who were at work last week.

While the 2010-2014 American Community Survey (ACS) data generally reflect the February 2013 Office of Management and Budget (OMB) definitions of metropolitan and micropolitan statistical areas; in certain instances the names, codes, and boundaries of the principal cities shown in ACS tables may differ from the OMB definitions due to differences in the effective dates of the geographic entities.

Estimates of urban and rural population, housing units, and characteristics reflect boundaries of urban areas defined based on Census 2010 data. As a result, data for urban and rural areas from the ACS do not necessarily reflect the results of ongoing urbanization.

Explanation of Symbols:

1. An '***' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
2. An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
3. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
4. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
5. An '***' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
6. An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
7. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.
8. An '(X)' means that the estimate is not applicable or not available.

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see Accuracy of the Data). The effect of nonsampling error is not represented in these tables.

Foreign born excludes people born outside the United States to a parent who is a U.S. citizen.

Tables for Workplace Geography are only available for States; Counties; Places; County Subdivisions in selected states (CT, ME, MA, MI, MN, NH, NJ, NY, PA, RI, VT, WI); Combined Statistical Areas; Metropolitan and Micropolitan Statistical Areas, and their associated Metropolitan Divisions and Principal Cities; Combined New England City and Town Areas; New England City and Town Areas, and their associated Divisions and Principal Cities. Tables B08601, B08602, B08603, and B08604 are also available for Place parts and County Subdivision parts for the 5-year ACS datasets.

Methodological changes to data collection in 2013 may have affected language data for 2013. Users should be aware of these changes when using multi-year data containing data from 2013.

Workers include members of the Armed Forces and civilians who were at work last week.

Occupation codes are 4-digit codes and are based on Standard Occupational Classification 2010.

Industry codes are 4-digit codes and are based on the North American Industry Classification System (NAICS). The Census industry codes for 2013 and later years are based on the 2012 revision of the NAICS. To allow for the creation of 2010-2014 tables, industry data in the multiyear files (2010-2014) were recoded to 2013 Census industry codes. We recommend using caution when comparing data coded using 2013 Census industry codes with data coded using Census industry codes prior to 2013. For more information on the Census industry code changes, please visit our website at <http://www.census.gov/people/io/methodology/>.

While the 2010-2014 American Community Survey (ACS) data generally reflect the February 2013 Office of Management and Budget (OMB) definitions of metropolitan and micropolitan statistical areas; in certain instances the names, codes, and boundaries of the principal cities shown in ACS tables may differ from the OMB definitions due to differences in the effective dates of the geographic entities.

Estimates of urban and rural population, housing units, and characteristics reflect boundaries of urban areas defined based on Census 2010 data. As a result, data for urban and rural areas from the ACS do not necessarily reflect the results of ongoing urbanization.

Explanation of Symbols:

1. An '***' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
2. An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
3. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
4. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
5. An '****' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
6. An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
7. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.
8. An '(X)' means that the estimate is not applicable or not available.

Información General

El Programa del Tránsito de Cheyenne (CTP) es el proveedor de transporte público para la Ciudad de Cheyenne. Nuestro objetivo es de proporcionar el mejor servicio posible de transporte a nuestros clientes.

CTP opera dos tipos del servicio:

- Servicio de autobuses Accesible de fijo-ruta; y
- ADA el servicio complementario de paratransit

Los autobuses de la fijo-ruta de CTP son ascensor-equipados, los haciendo accesible para personas que utiliza un dispositivo de la movilidad o no puede subir escalera. Nuestros conductores reciben la instrucción de especial a ayudar a personas con incapacidades. Nuestro objetivo es de hacer nuestra fijo-ruta accesible y conveniente para todos.

Cualquier persona que cabalga en la placa madre un vehículo de CTP es creída en haber aceptado los riesgos normales que pueden ser encontrados con al viajar en la placa madre un vehículo público. Los empleados de CTP hacen su máximo para operar en una manera segura y profesional siempre. Los pasajeros son recordados que las paradas repentinas pueden ocurrir sin advertencia. Los pasajeros se quedarán sentados mientras vehículo está en el movimiento. Los autobuses de CTP y facilidades son equipados con audio y vigilancia video.

DECLARACION DE DERECHOS

El Programa de Tránsito de Cheyenne (CTP) es cometido a asegurar que no persona es excluida de la participación en, ni negado los beneficios de, ni es susceptible a la discriminación en el recibo de sus servicios por la carrera, por el color, ni por origen nacional, ni cualquier otras características protegidas por la ley, inclusive Título VI del Acto Civil de Derechos de 1964, como enmendado. Aún más, bajo los norteamericanos con Incapacidades Actúa (ADA) de 1990, ninguna entidad discriminará contra un individuo con una incapacidad física ni mental con respecto a la provisión del servicio de transporte.

Para obtener más información en obligaciones de la no discriminación de CTP o para archivar un reclamo, contacta el Programa de Tránsito de Cheyenne, Reclamos de Atención, 322 Lincolnway Occidental, Cheyenne, 82001. de WY. Para preguntas o ayuda adicional, contacta por favor CTP en (307) 637-6253.

ANIMALES del SERVICIO
