GRANT AWARD RESOLUTION SUMMARY REPORT

Revised Summation

2017 CLG Grant for Architectural Assistance Plan for the
2017 Historic Cheyenne Façade Improvement Program

RESOLUTION: First Reading, January 23, 2017; Finance Committee, February 6, 2017; Final Reading, February 13, 2017

PREPARED BY: Jan Spires, Urban Planner

RECOMMENDATION: The Urban Planning Office recommends acceptance of this grant

The Wyoming State Historic Preservation Office (SHPO) has approved the Cheyenne Historic Preservation Board's (CHPB) application for this grant as described herein. The attached resolution allows the City to accept this grant and proceed with the project.

The SHPO has awarded the City \$13,500 to hire an architect to help with the third year of the Façade Improvement Program. Applications for façade improvements from property owners in the project area will be reviewed by the Downtown Development Authority/Main Street (DDA/MS) Design Committee. The SHPO originally awarded the City \$9,500 in late December 2016, then increased the award to \$13,500 in mid-January. The selected projects will have the opportunity to participate in a Group Design Effort and have the architect provide professional assistance to help applicants with appropriate designs for their work projects. This may include architectural renderings of remodeled façades, detail drawings, and cost projections that the property owner can use in hiring a contractor and having the work completed. A representative from the State Historic Preservation Office (SHPO) serves on the Design Committee and projects selected for the Group Design Effort must comply with the Secretary of Interior Standards. The City and Economic Joint Powers Board have each allocated \$20,000 annually, along with \$80,000 from the DDA/MS toward helping to pay for the project. The required match will include in-kind match from staff and volunteer time, as well as cash match from the funds the DDA and the City are contributing.
