PROJECT: Western Hills 15th Filing Subdivision

LOCATION:

1. Legal Description: A replat of Lots 9, 10, 11, 12 and 13, Block 40, Western Hills, 10th Filing Replat, City of Cheyenne, Laramie County, Wyoming, to be known as the "Western Hills 15th Filing" Subdivision.
2. Location: South of Silver Sage Avenue and north of Tumbleweed Drive between Evers Blvd. and Ranger Drive.
3. Addresses: 7000 Ranger Drive, 7008 Ranger Drive, 718 Dogwood Avenue, and no address on Evers Boulevard.

SIZE: Total site: 1.30 (+/-) acres

CURRENT ZONING: LR-1, Low-density Residential

PROPOSED ZONING: Same

EXISTING LAND USE: Single-family homes and a City Pumphouse

PROPOSED LAND USE: Same

TABLE 1: SURROUNDING LAND USES:

SURROUNDING	LAND USE(s)	ZONING	ANNEXATION STATUS
North	Single-family, detached residential	LR-1	City
South	Single-family, detached residential	LR-1	City
East	Single-family, detached residential	LR-1	City
West	Single-family, detached residential	LR-1	City

EXECUTIVE SUMMARY:

This Final Plat is a replat of the Western Hills 10th Filing Subdivision. The purpose of the replat is to clarify ownership patterns for this block in relation to the existing City Pumphouse facility located in the middle of the block. This replat would clarify those ownership patterns and would simplify the legal descriptions of each. Drainage and utility easements would be clarified through the replat. Two of the abutting lots owned by the Fowler family (current Lots 12 & 13) would be combined into the new Lot 3 as the two lots are used as one family parcel with the house on the southern half and the rear yard and deck on the northern half of the new, combined Lot 3.

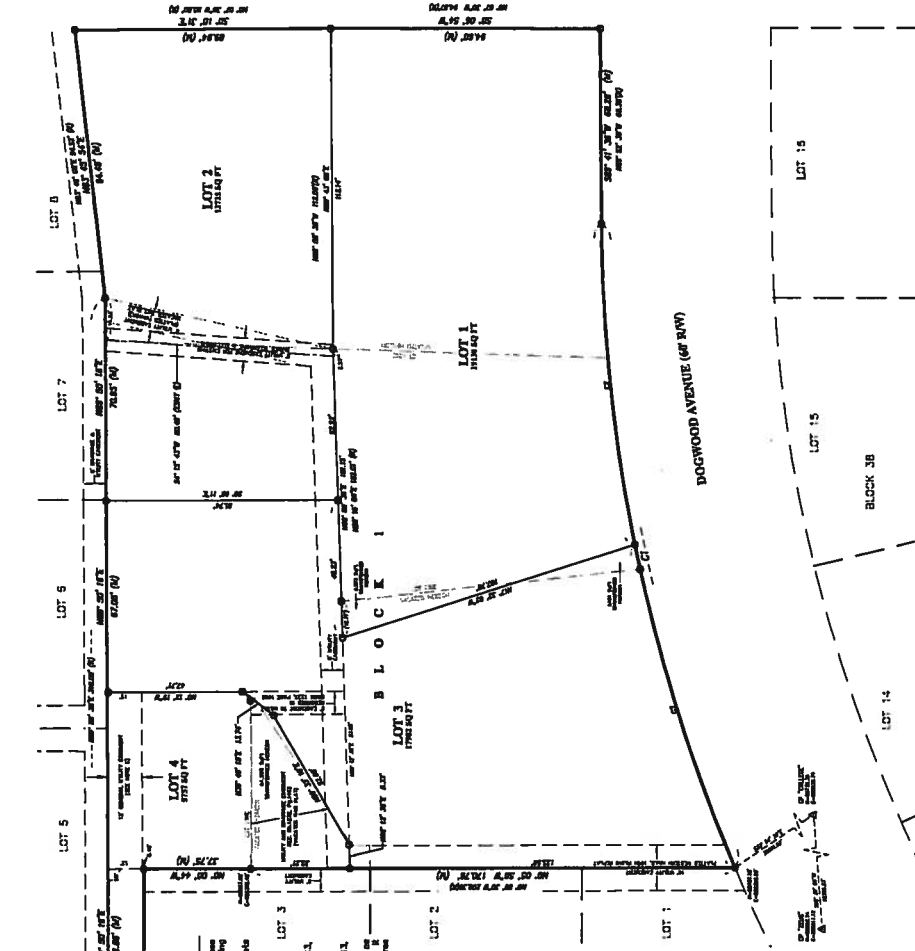

After the submittal of the staff report to the Planning Commission, the owner of the abutting Lot 3 informed staff that a utility easement on the City-owned lot had been "dropped off" of the plat during the 10th Filing replat for this subdivision and this owner asked that the easement be shown on this replat. Staff conducted a site visit and research of this power company utility easement and found where it should be identified and labeled on this replat. Consequently, staff recommended conditional-approval of the Preliminary and Final Plat to the Planning Commission with the following condition: Label the utility easements on Lot 4. On April 3, 2017, the Commission recommended conditional-approval of the Final Plat to the Governing Body with that same condition. ***Due to meeting the criteria of Sections 2.1.2.d and 2.1.3.d, the Planning Commission recommends conditional-approval of the Final Plat with the following condition:***

1. Label the utility easements on Lot 4.

On April 11, 2017, the Applicant revised the Final Plat to provide this utility easement on Lot 4 and, therefore, this condition has been met. The concerned neighbor has been notified of the revised plat with the proper utility easement noted. Staff recommends approval of the revised Final Plat without a condition.
