(Phone) 307-637-6282 (Fax) 307-637-6366

TO: City Councilmembers, Mayor Marian J. Orr
FROM: Eric Hammer, Planning and Development Department
DATE: 10/2/2017
SUBJECT: Revised Maps for Interior Heights, 4th Filing Zone Change (UDC-17-00436) and Replat (UDC-17-00437)

Dear City Councilmembers and Madam Mayor,

The City of Cheyenne Planning and Development Department has received a revised zone change map for the Interior Heights 4th Filing Zoning Map Amendment, which is Item #9 on the Public Services Committee agenda for tomorrow, October 3rd, 2017. In the staff report accompanying the application, staff recommended the following conditions to the Governing Body:

1. *Correct the legal description of the subject property per comments by the Planning and Development Department staff members.*
2. *Change the zone change map to specify that one (1) unit is proposed, not four (4) units.*
3. *Remove the 40' of York Avenue ROW from the entitlement and map as it should not be a part of this zoning map amendment.*

This new map fulfills all three conditions that were recommended by staff and the Planning Commission. Therefore, staff has changed our recommendation to approval without conditions.

Additionally, the Planning and Development Department has received a revised final plat map for the Interior Heights 4th Filing Final Plat application, which is Item #13 on the Public Services Committee agenda for tomorrow, October 3rd, 2017. In the staff report accompanying the application, Staff recommended the following conditions to the Governing Body:

1. *Correct the legal description of the subject property per comments by Planning and Development staff members.*
2. *Correct the preliminary and final plat maps to show the required sets of City coordinates, as well as required ties from City Control monuments, per comments by the City Surveyor.*
3. *Remove all references to any re-dedication of the 40' York Avenue right-of-way from the preliminary and final plats. References in the Municipal Acknowledgement, Plat Map, Entitlement, and Dedication must be struck. The 40' York Avenue right-of-way may be shown on the plat map with dashed lines, indicating it is outside of the boundaries of the proposed replat. When identifying the 40' York Avenue right-of-way, only reference the historic plat with which the right-of-way was established.*

This new map fulfills all three conditions that were recommended by staff and the Planning Commission. Therefore, staff has changed our recommendation to approval without conditions.

Both updated maps have been provided to Kris Jones, Executive Assistant to the City Council, for distribution and are also attached to this memorandum. If you have any questions regarding this memorandum or the applications described above, please contact me by either of the methods below.

Regards,

Eric Hammer, LEED AP Neighborhood Development
