TO: Eric Hammer, City of Cheyenne Development Office

InRe: POSTPONEMENT REQUEST (THIRD) for SWEETGRASS ANNEXATION #UDC-17-00542

Dear Mr. Hammer,

Steil Surveying Services, on behalf of the owner, **hereby requests that the above-described Annexation (3rd Reading) be postponed from the scheduled December 11 City Council meeting (Postpone at December 5 Public Services Committee)** in order to allow for the owner to continue work with the City in finalizing Annexation Agreement(s) for a project of this unique size and scope.

PLEASE NOTE: The delay has been all on our end as the committee of stakeholders is reconciling internal documents and Annexation Agreement language following recommendations and input from the City / City Attorney's office.

We anticipate delivery of the Final Draft of the Annexation Agreement to the City Attorney's Office by Wednesday, December 6. We hope this gives the City sufficient time to review, edit, and subsequently execute the Agreement with the Owner in order to finalize the Annexation approval at the December 26, regular City Council meeting (following Public Services Committee on December 19th).

Please contact me with any questions or concerns.

Thank you and best regards,

Casey L. Palma, AICP
